

JA CAREER SUCCESS WORKSHOP

Join us as we prepare today's students to become tomorrow's leaders.

JA Career Success Workshop is a statewide initiative that connects high schools, higher education, and the business community in an effort to close the employability skills gap and prepare NJ students for success after graduation.

Volunteers from all industries and backgrounds spend a half day mentoring and coaching students through a series of engaging activities while sharing career advice and their world of work. No advanced preparation is required. We provide all the materials, and are with you every step of the way!

"A program and atmosphere that makes it easy to connect to the youth. JA is making a difference in the lives of the up and coming generation." -JA Volunteer
