## Empowering Girls to Dream Big

This free, collaborative virtual series brings together hundreds of professionals from a variety of career stages and backgrounds and thousands of high school girls from across the state to share advice, learn new skills, and set goals for the future. Engaging 75-minute sessions begin with featured speakers or moderated career panels, followed by interactive small group mentoring led by volunteers that encourage participants to learn, get involved, and network. Topics are designed to give the next generation of female leaders the confidence and skills to dream big & reach their full potential.

“

"These seminars pushed me to persevere in the face of failures, and to find inspiration in others' successes. I should embrace challenges, accept criticism, and continue to learn. Thank you for the opportunity!" - Grace M., Jose Marti STEM High School, Union City
